Mr. Evanson reports the highway in very good condition with the exception of a short stretch just outside of Astoria and a portion of corduroy road between Mayger and Rainier. While no attempt was made to make a record trip, their auto covered the distance between Astoria and St. Helens in less than six hours, and found the trip very enjoyable.

COMING EVENTS

"A Corner in Cotton," with charming Marguerite Snow in the stellar role supported by an all-star cast, will be presented here at the Strand on Sunday, the 6th. There are scores of interesting scenes, including a cotton plantation, cotton mills, the Cotton Exchange in New York, and several vivid glimpses of the slums in New York City. "A Corner in Cotton" is a decided novelty, and tells a story that is vital and carries a strong, human appeal.

"Lydia Gilmore," that powerful drama from the pen of Henry Arthur Jones, has been pictured and will be shown at the Strand next Monday. Pauline Frederick, who has a host of followers, enacts the part of Mrs. Gilmore. It is a tremendous role, powerful, gripping, intense—the terrible suspense of a woman who holds within her heart the secret that her husband is a murderer is acted in a truly wonderful manner. It is in the portrayal of such emotional characters as Mrs. Gilmore that Pauline Frederick has established her absolute supremacy as an exponent of intense drama. "Lydia Gilmore" will more firmly entrench her in her position.

"Little Mary" Pickford, whose great and unequalled ability in creating lifelike portrayals on the screen has made her the foremost motion picture star in the world, will be at the Strand next Wednesday, the 9th, in an elaborate photo-production of "The Foundling." There is a superb blending of the pathetic with the comic that mingles laughter and tears as the story unfolds itself. With a sweet simplicity and a natural method of depicting this wistful and lovable character, Mary Pickford tugs constantly at the heart-strings in this wonderful play.

Mrs. Flora I. Forman, formerly teacher in the Quincy school, is again in the limelight. She taught a stormy session in a district near Marshfield and it seems that she met her Waterloo, as she made complaint before the district attorney that she had been assaulted by one Mrs. Anderson, wife of the clerk of the district. The trouble arose over a payment of \$30, which Mrs. Forman asserts her assailant ordered her to return to the district on account of janitor hire. According to the report Mrs. Forman showed evidence of being in a scrap.

Van C. Hall, a brother of Rees Hall, was in St. Helens a few days this week en route to his home in Chinook, Wash. Mr. Hall has been attending the state normal school at Bellingham, and on his graduation was awarded a life diploma which entitles him to teach at any place in

the state of Washington. This is quite an honor for a young man. H. F. McCormick is in Astoria on business connected with the building of the two steam schooners being constructed by Wilson Bros. He went down river on the City of Portland. Mrs. Carrie Kinkaid of Blaine, Oregon, was here this week looking over the field with a view of opening a confectionery.

"GOODS OF QUALITY"

Good morning! "Dainty Daisy" has something important to tell you today.

Perhaps you are not troubled with corns, bunions or aching feet; if not you will not need to read further.

Her advice in regard to foot trouble is to be particularly careful about the fitting of your shoes. Corns are caused by ill fitting shoes. Therefore don't accept shoes unless they fit your foot perfectly.

They are very careful about fitting shoes at Muckle's Store, with a large stock they offer the style that best suits your foot. If they haven't the kind that are best for you, they don't insist that you take something else. Aching feet do not cause happy reflections of the store that sold improper shoes to make them ache.

Good bye! With best regards for your feet, "DAISY."

P. S.—"Genial Jim" is taking a vacation this week, expect him back soon.
